

YOUR HEALTH PRO

HEALTH PRO CONSULTANT BIO

I'm originally from Old Chatham, NY and graduated from Vanderbilt University with a Master's Degree in Medicine, Health and Society (optional: with a focus in Managerial Studies: Corporate Strategy). When I'm not helping my members with requests, I enjoy running, cooking, reading and traveling.

My favorite part about working at Compass is I get to help members like you navigate the complex healthcare system and feel more confident doing so.
